My favorite go-to sites for various techniques are:

knittinghelp.com  http://www.knittinghelp.com/videos/learn-to-knit

VeryPink Knits on YouTube  https://www.youtube.com/user/verypinkknits

These two sites are well indexed so you can search for specific instructional videos. I’ve set up the links to go to the “knitting basics” pages. I RECOMMEND YOU TRY THESE VIDEOS BEFORE VENTURING INTO A YOU TUBE SEARCH IF YOU ARE NEW TO KNITTING.

The following companies offer free patterns and videos besides selling yarn and patterns, and may have interesting how-to videos for other fiber-related activities (such as Kool Aid Dyeing).

Knitpicks  http://tutorials.knitpicks.com/wptutorials/category/getting-started/

If you want to learn to knit socks, I can recommend this site: Silver’s Sock Class. She has separate tutorials for knitting socks on double pointed needles, as well as toe-up socks on two circular needles or using the magic loop method. The tutorials take you through the process step-by-step and are well illustrated.

And of course, my favorite go-to resource is

Ravelry.com. My ravelry name is galeu; if you join and check out my “notebook”, you can see all the projects I've made and my stash inventroy.

I have an illustrated tutorial that shows how to use Ravelry using the “Classic Ravelry” format. Eventually it will be updated with new illustrations when the new format finishes its modifications and adjustments.
